ANIMESH DUBEY

Junior DevOps Engineer | Cloud Engineer (AWS) | Linux Administrator

Delhi, India (Open to Relocation / Remote) | Phone: +91-8178906154 | Email: animesh3736@gmail.com

GitHub: github.com/Animesh1422 | Portfolio: animesh1422.github.io | LinkedIn: linkedin.com/in/animesh-dubey-cloud

PROFESSIONAL SUMMARY

BCA graduate (GGSIPU, 2026) with hands-on experience in Linux administration, AWS (EC2, S3, IAM), Bash and Python scripting, and network troubleshooting. Skilled at incident triage, root cause analysis and runbook-style documentation. Solid understanding of cloud security fundamentals, IAM and access control. Currently learning Kubernetes and preparing for the AWS Certified Solutions Architect - Associate exam. Seeking an entry-level DevOps Engineer role to work on cloud infrastructure, automation and reliability.

TECHNICAL SKILLS

- **Cloud Platforms:** AWS (EC2, S3, IAM), Cloud Computing, IaaS, PaaS, SaaS, Cloud Security
- **Operating Systems:** Linux, Linux Administration, Windows Server, Active Directory
- **Scripting and Version Control:** Bash, Shell Scripting, Python (Basic), Git, GitHub
- **Networking:** TCP/IP, DNS, DHCP, VPN, HTTP/HTTPS, OSI Model, ping, traceroute, nslookup, netstat, ifconfig
- **Monitoring and Troubleshooting:** top, ps, df, netstat, Incident Triage, Root Cause Analysis, Documentation
- **Security:** IAM, Access Control, Least Privilege, File Permissions (chmod, chown, sudoers), Cybersecurity Fundamentals
- **Virtualization:** Oracle VirtualBox, Virtual Machine Provisioning
- **Currently Learning:** Kubernetes, AWS Solutions Architect - Associate

PROJECTS

Linux System Administration and Incident Triage Lab (2025) | Linux, Bash, Networking Tools

- Configured user accounts and permission structures using chmod, chown and sudoers to implement access control.
- Diagnosed CPU, memory, disk and network issues using top, ps, df and netstat, simulating production incident triage and root cause analysis.
- Isolated connectivity and DNS problems using ping, traceroute, nslookup and ifconfig.
- Documented each issue and its resolution in a structured, repeatable runbook format.

Windows Server and Active Directory Lab (2025) | Oracle VirtualBox, Windows Server, Active Directory

- Provisioned a Windows Server virtual machine, configuring CPU, RAM, disk and networking.
- Created users and groups and configured group-level permissions for role-based access to resources.

ShopSphere - Responsive E-commerce Website (2024) | HTML, CSS, JavaScript, Git, GitHub

- Built and deployed a multi-page responsive website using GitHub for version control.
- Gained exposure to hosting and deployment troubleshooting.

CERTIFICATIONS

- Introduction to Cybersecurity - Cisco Networking Academy (Jul 2026)
- Cloud Computing Fundamentals - IBM SkillsBuild
- AWS Certified Solutions Architect - Associate (In Progress)

EDUCATION

Bachelor of Computer Applications (BCA) | 2023 - 2026

Sirifort Institute of Management Studies, affiliated to Guru Gobind Singh Indraprastha University (GGSIPU), Delhi

Coursework: Operating Systems, Computer Networks, Cloud Computing, DBMS, Python Programming

Availability: Immediate | Delhi NCR, Remote or Relocation (Bangalore, Hyderabad, Gurugram)
